

press release

mg12 is a company that creates design products for architects and lovers of design. Their products are made in Italy and eco friendly without limiting itself in regard to materials or sector.

Washbasin JP - solid surface

Design Monica Geronimi

The solid surface washbasin cm 60 x 41x 25 h. It has incorporated taps and fittings. There is a magnet positioned under the shelf where the soap can be attached. These innovations result in a washbasin with cleaner lines and reduce the quantity of water splashed into other areas. Taps and fittings can be finished in chromed brass, but, on request, also bronze, copper, painted white or black. The JP has a progressive cartridge and the handle comes in two formats, cylindrical or rectangular. The washbasin is completed with drain.

Washbasin JP - marble

Design Monica Geronimi

The washbasin measures cm 60 x 40 x 26 h, it's made of carrara marble C typology. Its has integrated bathroom fitting with hot and cold mixer tap. It is made of marble or chromed brass. More finishes on request. The washbasin reduces the quantity of water splashed into other areas. The soft radius of curvature avoids the dreg remains.
